

## Disney's My Son Pinocchio Character Descriptions.

This show has so many fun roles. Where do you see yourself shining?

### **Geppetto**

Geppetto is a lonely toymaker who longs to be a father. Look for a mature performer who feels comfortable playing a parent to Pinocchio and isn't afraid of showing emotion. Cast a strong singer, as Geppetto has several solos.

### **Pinocchio**

Pinocchio is a wooden puppet who doesn't know where he belongs. Look for a performer who can handle the lively personality of a little boy while also capturing tender moments. Although Pinocchio is a boy, the role can be played by a boy or girl. Pinocchio has a few solos, but a strong character actor can easily act through them.

### **Blue Fairy**

The Blue Fairy is convinced of her own perfection and does not like having it called into question.

### **Fairies**

Rosa, Viola & Arancia, fairies in training, are sweet and kind.

### **Sue**

Sue is a fairy in training who marches to the beat of her own drum. She isn't your typical fairy, as sweetness isn't in her nature.

### **Stromboli**

Stromboli is a bumbling, loud, incompetent puppeteer who has at least a few screws loose, a versatile performer who can create silly voices to take this character and his marionettes over-the-top.

### **Professore Buongrazzo**

Professore Buongrazzo is a passionate, mad scientist obsessed with building perfect children.

### **Junior**

Junior is Professore Buonragazzo's mirrorimage assistant, created using the child-making machine. The performer in this role will need to work closely with the performer playing the Professor to mimic his movements.

### **Ringleader**

The Ringleader runs Pleasure Island. The performer playing this role should have a real sense of showmanship.

### **Signora Giovanni**

Signora Giovanni is Pinocchio's teacher. The role can be a great opportunity to feature a performer who doesn't sing.

### **Bernardo & Maria**

Bernardo & Maria are married residents of Idyllia who are looking to purchase a "perfect" daughter from Professore Buonragazzo.

## **Talia**

Talia is the "perfect child" created for Maria and Bernardo by Professore Buonragazzo's machine.

## **Boy 1**

Boy 1 is the first replacement for Pinocchio, created by Professore Buonragazzo's machine. Find an actor who can mimic a comedic version of the famous puppet.

## **Boy 2**

Boy 2 is the second replacement for Pinocchio. He should be even more wooden than Boy 1.

## **Marionettes**

Marionettes are the stringed puppets in Stromboli's show. There are solos available for marionettes, if you choose to separate their voices from Stromboli.

## **Town Children**

The Town Children (Dante, Agata, Fiorello, Francesca, Adriana, Luigi, Gina, Lia, Rico) love the toys in Geppetto's shop. The performers cast in these roles should be able to create individual personalities for their characters.

## **Town Parents**

Town Parents (Signora Lisi, Signore Fucito, Signora Mancini, Signor Alcamo, Signora Sommelia, Signora Contrastana, Signora Rosati, Signore Proto, Signore Marino) are the beleaguered mothers and judgmental fathers of the town children.

## **Children Of Idyllia**

Children of Idyllia (Amelia, Salvatore, Carla, Lucia, Giuseppe, Boy 1, Boy 2) are the perfect children created by Professore Buonragazzo.

## **Animals**

Animals (Pig, Foxes, Horse) serve as voices of reason for Geppetto's journey.

## **Roustabouts**

Roustabouts are the sidekicks to Pleasure Island's Ringleader.

## **Delinquents**

Delinquents (Malvolio, Brutto, Sporco, others) can expand to include more performers and are great roles for non-singers. Also, they must be comfortable turning into donkeys.
